[Despatch Abstract.]

Public Office - Certain clerks - Fixation of pay - Orders passed

Copy of letter Ref.No. G, dated 8-7-47 from the Surgeon General, Madras to the Secretary to Government, Education and Public Health Department, Madras.

Sub: Surgeon-General's office - Clerks transferred from subordinate Medical institutions in the city and mufassal - Fixation of pay in the revised scales sanctioned in G.O.No.78, Finance, dated 6-2-1947.

Ref: G.O.No.Ms.715, P.H., dated 26-3-43 and Government Memo No. 30516/43-2, P.H., dated 15-10-43.

To remedy the hardships resulting from the transfer to the Surgeon-General's office of Clerks from subordinate offices and medical institutions in the City and mufassal, the Government sanctioned the grant of personal pay to the transferees from the City institutions in the scale of Rs. 30-55 plus Presidency Allowance, every time there arises a difference in emoluments between what they are entitled to draw in the Surgeon-General's office and what they would be eligible to draw in the City scale for C. class offices but for the promotion. In the case of transferees from the mufassal, an increase of Rs.5/- in their pay was sanctioned in respect of clerks who have drawn at least one increment in the scale of Rs.30-55. According to the revised scales sanctioned in G.O.No.78, Finance, dated 6-2-47, there is no difference in the scales of pay applicable to lower division clerks in A or B. Class offices, whether stationed in Madras City or elsewhere. Hence, there is no case for grant of any additional pay to such transferees in future.

2. So far as the existing transferees are concerned, it appears that the personal pay granted to them to cover the loss in emoluments as stated above should be taken into account for purpose of 'aggregate pay' in the existing scale mentioned in clause (a) to sub rule (2) of rule 9 of the rules appended to G.O.78, Finance dated 6-2-47, in as much as pay as defined in Fundamental Rule 9(21)(a) includes personal pay.

3. A statement giving particulars of the transferees is enclosed. They pay fixed taking into consideration the personal pay and that fixed without taking the personal pay into consideration are shown in columns 11 and 12 of the statement. In the case of transferees from the city Medical Institutions, the Presidency allowance (compensatory allowance of Rs.6½) is treated as personal pay from time to time while in the case of transferees from the Mufassal Medical Institutions a personal pay of Rs.5/- has been sanctioned by Government. In the case of transferees from the Mufassal Medical Institutions, their pay has been refixed taking into account the personal pay sanctioned by Government while in the case of transferees from the City Medical Institutions, the personal pay which is only part of a compensatory allowance drawn by them has not been taken into consideration. They have since represented that their personal pay may also be taken into consideration for re-fixing their pay with reference to G.O.78 Finance, dated 6-2-1947. I recommend that their request may be sanctioned by Government.

Returned with the following remarks.

2. In the fixation of initial pay of an officer in the revised scales of pay, Rule 9 (a) of the Madras Revised Scales of Pay Rule 1947, lays down that his pay in the revised scale shall be fixed at the stage next above the aggregate of his "pay in the existing scale" and his temporary additional pay. In the absence of any provision that "pay in the existing scale" shall be defined as in Fundamental Rule 9 (21)(a), the pay representing a stage in the existing scale should not be taken and not any other additions of the nature of pay thereto. Special orders of Government would be necessary for the fixation of pay in the revised scales on the basis of the aggregate of the pay in the existing scale, the personal pay and the temporary addition, in all the cases referred to by the Surgeon General.
